Rules for Tailgating (RV Lots)

1. The close configuration of RV Lots requires that our guests be good neighbors and conduct themselves in a manner that provides for the comfort and enjoyment of all. Persons to whom permits are issued, bearers and their guests are expected to be familiar with and abide by the RV rules published on transport.tamu.edu.

2. All RV Lot patrons must display the appropriate permit for access and parking; vehicles not displaying the appropriate permit will be towed at the owner's expense. Duplication of and/or pass back of tow vehicle passes is prohibited. Violation of tow vehicle regulations by the permit holder or their guest may result in the cancellation of the permit and removal from the lot.

3. RV Lots are for Texas Department of Transportation (TXDOT) recognized recreational vehicles only. Transportation Services reserves the right to remove any vehicle that is not appropriate for the RV area. RV permits are for RVs only and may not be used for any other vehicles.

4. Party buses, trailers, vans, keg vans, etc., that do not meet the definition of a recreational vehicle are prohibited in RV Lots, but are permitted in Oversized Vehicle Sites on a space available basis.

5. If you do not use a “quiet” generator, you must install a manufacturer-approved muffler or use a cover that minimizes the noise. Exhaust will be directed towards open areas such as tow vehicle spaces or drive lanes and always away from your immediate neighbor. If noise minimizers are not in place, you may be asked to turn the generator off until a noise minimizer can be put in place. Failure to comply will result in removal from the lot until compliance can be proven.

6. Children should be supervised at all times – please use extreme caution when driving into or leaving the parking lots.

7. Every lot has specific opening/operational times. DO NOT ARRIVE EARLY—Parking, stopping or queuing on streets, in parking lots, or circling early is strictly prohibited and will not be tolerated. Do NOT block the entrance or stage on campus before the lot opens.

8. Tent camping or camping in tow vehicles, pickup trucks or vehicles not designated as RVs by TXDOT is prohibited.

9. RV Lots are for Texas Department of Transportation (TXDOT) recognized recreational vehicles only. Transportation Services reserves the right to remove any vehicle that is not appropriate for the RV area. RV permits are for RVs only and may not be used for any other vehicles.

10. The RV must be confined to only one RV space according to designated Lot Map. Amenities such as awnings, grills, and furniture must be utilized within allotted space. Tow vehicle spaces are not and will not be assigned. You must not encroach on the assigned space of another guest with your RV, tow vehicle, tents or awnings.

11. The persons renting an RV space are responsible for the conduct of their guests. No parking accommodations are made for guests in this area. Guests to RV Lots must purchase parking spaces for their vehicles in areas designated for public parking.

12. All sidewalks, drive lanes and fire lanes must be kept clear of all equipment and vehicles. Cords, satellite dishes, etc., must be confined to each allotted RV space and cannot be stretched across drive lanes.

13. All BBQ grills, propane or otherwise, should be attended to at all times. Hot coals must be doused and properly disposed of in specially designated Coal Dumpsters to prevent fires. Fires built on the ground and open fire pit devices are prohibited.

14. Special care should be taken when managing fuel and extension cords for generators.

15. No excessively loud music or noise will be tolerated at any time. If loud music or noise (e.g., barking dogs, or games) becomes disturbing to others, you may be required to lower the music and/or noise level or cease it altogether. Please be courteous to others.

16. Pets are not allowed to run at large in tailgating sites; they must be leashed and kept within the confines of the RV space or remain in the RV. Furthermore, animals shall not be left unattended or secured to University property. Clean up after your pet.

17. Dispose of all trash in trash receptacles or pack it out. No disposal of grease, coals or hazardous materials may be made onto the grounds or into storm drains.

18. Gray water/solid waste may be disposed of at the dump station located in Lot 100j at Olsen Field or 100d at the tennis courts — any other dumping on campus is strictly prohibited. Additional information will be supplied for a portable dump station for Sunday mornings.

19. Texas A&M University is not responsible or liable for accidents, damage, loss or theft of materials/items/personal property occurring in the RV Lot.

20. For football season RV packages, the permit owner must be the one using the RV space at least 2/3 of the season. While we recognize that the owner might occasionally be unable to attend a game, the permit owner must be the majority user.

21. The sale of food and/or beverages or other commercial activities (including sales solicitation or advertising) are not permitted without the express written consent of Texas A&M University.

22. Texas A&M University, Texas A&M Athletics, University Police Department and Transportation Services Department reserve the right to refuse service to anyone at any time—inappropriate behavior will result in the permanent loss of all parking and tailgating privileges.

In case of emergency, call 911. For non-emergencies call University Police at 979.845.2345.
